patent (if any) to be granted on application 10/664,209, provided that any patent granted on application 10/663,394 shall be enforceable only for and during such period that it is commonly owned with the patent (if any) issuing from application 10/664,209.

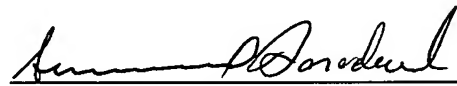

The assignees referenced above do not disclaim any terminal part of any patent granted on the application 10/663,394 prior to the expiration date of the full statutory term of the patent (if any) to issue from application 10/664,209 in the event that it later: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. § 1.321(a), has all claims cancelled by a reexamination certificate, or is otherwise terminated prior to expiration of its statutory term, except for the separation of legal title as stated above. Assignees herein do not disclaim or otherwise affect any part of the patent issuing from U.S. application serial no. 10/664,209.

This disclaimer runs with any patent granted on the application 10/663,394 and is binding upon the grantee, its successors or assigns.

Please charge any additional fees, or make any credits, to Deposit Account No. 06-1050, referencing Attorney Docket No. 14225-026001.

Respectfully submitted,
